

# CAN I RUN THE BONE STOCK 75?

Use this checklist to find out!

## To run this event I need a:

- ✔ Have-Fun Attitude
- ✔ Four or Six Cylinder Vehicle
- ✔ 4-point Roll Cage
- ✔ 5-point seatbelts
- ✔ Proper SA 2005 helmet
- ✔ A Fire Suit

## I cannot run this event with:

- X Engine modifications of any kind
- X Suspension Modifications of any kind
- X Fancy new tires.

*If I wish to run this race, you will have to return to stock setup.  
(Castor, Camber, Springs etc.)*

## As a visiting car, I can have a:

- ✔ Front hoop, provided I do not install additional Bone Stock bumper bars.
- ✔ For car numbers: I will not force you to repaint, but I do suggest getting a theme, or even covering your number with the name of your car. This is mainly for the fans.

## I understand that:

- ✔ This event will be taking place on a full 1/2-mile speedway.
- ✔ That there will be obstacle cars pre-placed on the track.
- ✔ Vehicles that are disabled during the race will be removed, and may be replaced with an obstacle car.
- ✔ It is not a demolition derby -- but sheet metal shall be bent.

### Entry Information:
